How to export a policy as a PDF

Last Modified on 10/16/2026 7:14 am EDT

Steps

1. Go to Policies > Books.
2. Open the book.

1. Download it as a PDF.
2. Save the file.

Use the PDF when you need a dated copy for a board packet, an auditor, or a new hire. The live book in HelpOne is still the source of truth.

Your logo prints at the top of every PDF. Add it in Set up HelpOne > Logo.
